

New Era Building Systems can showcase its construction expertise that sets it apart from all other off-site home builders. Throughout the product line you'll find plenty of examples of the fine craftsmanship that make a New Era home truly special.

Imagine the possibilities of the Woodward: extra bedrooms upstairs, natural light from the optional dormers, designer color choices, optional trim choices...all help you create your own special home!

Woodward

1000 Sq. Ft.
Overall Size - 26'0" X 40'0"

An impressive exterior, distinguished by perfect symmetry, leads to an equally splendid interior. Spacious rooms, efficient planning and careful attention to every detail is found throughout the Altus, shown above with optional porch kit and "H" dormers.

The optional deluxe front door and window treatment and optional open foyer creates an exciting and inviting entrance to the Owasso, a traditional 2-story plan design.
